

UNITED WE FIGHT. UNITED WE WIN.

LIVE UNITED

No one can deny that technology has taken over our world. Can you think of anyone who does not own a cell phone? Or a computer? If you do, they are most likely from a generation once or twice removed from today's millennials. So what does that have to do with Centre County United Way?

Keeping up with the latest technology can be a challenge for anyone. The staff at the Centre County Library can certainly attest to that!

An elderly woman called the library to inquire about the various locations and hours of service. She then came onto the Bookmobile. She had music playing on her iPad and didn't know how to turn it off. Once at the Bookmobile, the staff was able to shut down the music and show her how to use her iPad.

It is not just about helping those in our community who are in a crisis – the homeless, the hungry, and the abused. It is about helping everyone in Centre County live a better life.

Join the fight.
